Agreement to receive official communications by email rather than USPS

The Tides West Community Association can send official documents to you by email rather than printing and mailing them. Many members find this more convenient and appreciate saving the association the cost of printing and stamps.

If you would agree to receive all of your official communications by email, please fill out the form below and mail to P.O Box 534, Ocean Park, WA 98640 or bring to the annual meeting in person.
